

Digital Printing Paper for Indigo Technology

Fedrigoni is your high-tech partner for new digital printing technologies. Fedrigoni's range of paper and board, from the traditional to the more creative, ensures reliability, a vast choice and a very high printing result.

The new Century Soho for Indigo Technologies swatch has been enhanced with a new selection of paper and board that bring you even more choice and flexibility, whatever your requirements. We offer higher grammages to enable more versatility and impact across a variety of applications.
